Step-by-Step Guide to Using eZ-Audit for Non-Profit Schools

**eZ-Audit Overview**

**What is eZ-Audit?**

eZ-Audit is a web based paperless single point of submission for financial statements and compliance audits. A designee from your school simply signs on to eZ-Audit, enters summary audit and financial data directly from your report into a web form, attaches an electronic version of the report, and hits the submit button. Your submission through eZ-Audit will allow for more rapid and efficient processing by the Department of Education (ED) and therefore provide you with immediate feedback.

**How does eZ-Audit work?**

1. Your school submits its compliance audit data and summary financial data via an internet web form (follow this manual for complete instructions).
2. Your school also attaches an electronic copy of your financial statement and compliance audit in a non-editable pdf format (using Adobe Acrobat).
3. The eZ-Audit system automatically forwards flagged financials and deficient audits to FSA’s School Participation Management Team for resolution.
4. School Participation Teams communicate with you to reach resolution.
5. As desired, you can periodically check eZ-Audit for the status of your report.

**How does eZ-Audit Benefit You?**

- You will receive instant acknowledgement of receipt – no more lost reports!
- You will no longer need to make any copies or send reports in the mail to ED.
- Processing times will be greatly reduced, thus allowing for quicker remediation of findings.
- Web forms will contain pre-populated fields.
- There are no new reporting requirements – data entry will be limited to the same data already contained in the reports.
- The time spent submitting these forms should be less than 1 hour.
- Status of your submissions will be accessible to you online at any time.
- A Help Desk will be available for assistance at 1-877-263-0780, Monday – Friday, 9 a.m. – 5 p.m. EST

**Who at my school will use eZ-Audit?**

- **eZ-Audit Institution/School Administrator**, selected by your school, is responsible for:
  - Registering your school with eZ-Audit
  - Providing/Managing access to data entry and submission approval personnel, as identified by your school
  - Maintaining security information regarding schools’ users as required
- **eZ-Audit Data Entry Users**, selected by your school, are responsible for:
  - Entering data into the eZ-Audit system
  - Attaching non-editable, pdf files of financial statements and compliance audits
- **eZ-Audit Submission Approvers**, selected by your school, are responsible for:
  - Reviewing the submission prior to "submit"
  - Approving the submission via the "submit" action
Step-by-Step Guide to Using eZ-Audit for Non-Profit Schools

What role should my auditor play in eZ-Audit?
You may choose to ask your auditor to serve as a Data Entry User of eZ-Audit. This means that your auditor would complete the fields in the system, and attach the audited documents in the non-editable PDF format.

If your auditor is not selected as a Data Entry User; you may request that your auditor electronically sends you your financial statements and compliance audits in the non-editable PDF format using Adobe Acrobat.
Please note that the PDF files containing your financial statements and compliance audits will be included as attachments to your eZ-Audit submission – all signature pages in the financial statements and compliance audits, as well as the school’s corrective action plan, must be scanned.

eZ-Audit Technical Requirements

eZ-Audit is a web-based application. This means you will not need to load a new application on your computer. You will simply need to ensure that you have an Internet browser – Internet Explorer 11.0 or higher.

![NOTE]
If you receive an error that does not allow you to access eZ-Audit when you type in the URL from your internet browser, please contact your network administrator and request that he/she do one of the following:

- Open your firewall to allow all 165.224.xxx.xxx addresses through, which would allow your school access to all ed.gov sites
- Conduct a lookup on ezaudit.ed.gov which will allow your school access to eZ-Audit

eZ-Audit requires you to attach a non-editable pdf version of your annual submissions. Adobe Acrobat must be used to create this attachment.

School Group Submissions

ED considers a school group as one Uniform Guidance report submission for multiple OPE IDs. For example, the State of Louisiana submits one statewide audit financial report and Uniform Guidance audit report for all the state schools in Louisiana. Another example would be a nursing program with a separate OPEID included in the Uniform Guidance of a university.

Schools that submit reports with financial statements covering more than one OPEID and multiple compliance audits separately will complete the Compliance Audit Information, Checklist and Upload pages for each (OPEID) school in the group. The submitting institution (Locator) can submit for all OPEIDs or the member school can complete and submit their own information. The member school must be registered (See Registration Instructions).

![NOTE]
When more than one OPEID is covered in a UNIFORM GUIDANCE audit, ED considers this to be a school group, e.g., if a State submits a state-wide Uniform Guidance audit covering all of the state universities, each with a different OPEID.
Step-by-Step Guide to Using eZ-Audit for Non-Profit Schools

If the information populated in the application is incorrect or should you require additional assistance, please contact eZ-Audit at 1-877-263-0780 or by email at fsaeezaudit@ed.gov
Step-by-Step Guide to Using eZ-Audit for Non-Profit Schools

eZ-Audit Submission Requirements
Effective June 16, 2003, all Title IV participating schools are required to submit audited financial statements and compliance audits electronically, via eZ-Audit, to the Department of Education. (Please see May 16, 2003 Federal Register)

When must an institution submit financial statements and/or compliance audit?

1. All participating institutions must submit financial statements and compliance audits annually. (34 CFR 668.23)
   - Not-for-profit institutions’ financial statements and compliance audits are due nine months after the end of the fiscal year.

   **If your institution expends less than $300,000 in Federal funds (less than $500,000 for fiscal years ending after December 31, 2003), you are not required to submit a compliance audit. You must submit an Exemption/Request to the Department for the compliance portion of the UNIFORM GUIDANCE report. (See Waiver and Exemption Request).**

2. If you are seeking initial participation in the Title IV Program.
   - Please note that an Application for Approval to Participate in Federal Student Aid Programs ([https://eligcert.ed.gov](https://eligcert.ed.gov)) should be filed at the time of your submission.

3. If you undergo a change in ownership, merger or change in structure.
   - Please note that an Application for Approval to Participate in Federal Student Aid Programs ([https://eligcert.ed.gov](https://eligcert.ed.gov)) should be filed at the time of your submission.

   **If you have submitted a pre-acquisition application, do not submit day-one balance sheet via eZ-Audit until the actual change in ownership has occurred. The day-one balance sheet is due on the date in which Temporary Program Participation Agreement (PPA) expires. (See Merger/Change in Ownership)**

4. If you wish to be reinstated to participate in Title IV program(s).
   - Please note that an Application for Approval to Participate in Federal Student Aid Programs ([https://eligcert.ed.gov](https://eligcert.ed.gov)) should be filed at the time of your submission.

eZ-Audit Rules of Behavior

eZ-Audit is a Department of Education system. Department of Education computer systems are provided for the processing of Official U.S. Government information only. All data contained on Department of Education computer systems is owned by the Department of Education and may be monitored, intercepted, recorded, read, copied or captured in any manner and disclosed in any manner, by authorized personnel. THERE IS NO RIGHT OF PRIVACY IN THIS SYSTEM. System personnel may give to law enforcement officials any potential evidence of crime found on Department of Education computer systems. Unauthorized use of this system is a violation of Federal law and can be punished with fines or imprisonment (P.L. 99-474). “Use of this system by any user, authorized or unauthorized, constitutes consent to this monitoring, interception, recording, reading, copying, and disclosure.”

You may decide to send FSA information, including personally identifying information. The information you supply – whether through a secure Web form, a standard Web form, or by sending an electronic mail message – is maintained by FSA for the purpose of processing your request or inquiry. Various employees of FSA may see the information you submit in the course of their official duties. The information may also be shared by FSA with third parties to advance the purpose for which you provide the information, including other federal or state government agencies. For example, if you file a complaint, it may be sent to a financial institution for action, or information may be supplied to the Department of Justice in the event it appears that federal criminal statutes have been violated by an entity you are reporting to FSA.

The primary use of personally identifying information will be to enable the government to contact you in the event we have questions regarding the information you have reported. If you are concerned about how information about you may have been used in connection with the eZ-Audit web site, or you have questions about FSA’s privacy policy and information practices, you should e-mail us at webmaster@fsa.ed.gov. Electronic mail is not necessarily secure. You are advised to be cautious when sending electronic mail containing sensitive, confidential information. As an alternative, we advise users to give consideration to using postal mail.

For Official, Approved Use only - The eZ-Audit system is funded by the Government to support various programmatic efforts needed to accomplish the FSA mission. As such, these resources are to be used only for official Government business. Users should remember that when they use the eZ-Audit system, they are acting in their employment capacity on behalf of ED. Unless approved in writing by management, any activity outside that employment capacity, or which could bring harm or embarrassment to ED/FSA must be avoided.

Privacy Expectations - All users are cautioned that, in general computers, networks, and information systems are not 'private.' Users should have no expectation of privacy when using computing resources. E-mail sent via the eZ-Audit system may bear site-specific identifiers in the address (name@ed.gov). As such, regardless of disclaimers, users employing ED/FSA e-mail are representing the site and ED/FSA and must act accordingly.

Monitoring of Computing Resources - Activities on ED/FSA systems and networks are subject to monitoring, recording, and periodic audits to ensure that the resources are functioning properly and to protect against unauthorized use. The System Administrator may access any user's computer system or data communications and disclose information obtained through such auditing to appropriate third parties, e.g., law enforcement personnel. Use of ED/FSA computing resources implies consent by the user to such monitoring, recording, and auditing.

Violations - It is critical that all users adhere to ED/FSA computer policies and accepted user principles regarding appropriate use. Violations of these principles or policies may lead to disciplinary action, possibly including termination of funding and/or employment. Designated administrators or other authorized personnel will evaluate and determine the degree of violation and appropriate disciplinary action.

Manager/Administrator Responsibilities - Management personnel will lead in applying these user principles. Managers are responsible for implementing these accepted user principles in their organization and will be accountable for ensuring that users are aware of and acknowledge their responsibilities.

Accepted User Principles - Users' access to computing resources indicates a level of trust bestowed upon them by their management and ultimately by ED. Users are responsible for their actions and must be aware of and acknowledge their responsibilities.
